Multi-Team Schedulers, a new feature

With this update to the online scheduling system, we've added quick links to other teams that share the same scheduling contact email address as the team you're currently viewing.

These will appear in a table at the bottom of the page.

For example, if I registered the email "name@site.com" as the scheduling contact email for 5 teams this season. When I'm on the scheduling page for team 1, I will be presented with quick links to take me to teams 2-5's scheduling pages:
